

# School Profile: Sandburg Elementary School

## Introduction

Sandburg Elementary School has been a place of innovation and creativity for years. From the use of technology to a report card pilot to the integration of character traits and more, our excellent staff have been leaders. This year, we're trying to tie all of our work together, including our thematic units of instruction and Quarterly Student Showcases, so we can continue to dig deep into the core work of teaching and learning. We're excited about the progress we've made and committed to providing an excellent and engaging experience for all kids and families!

## Strengths

Our Climate Survey data reflects the enormous improvements we've made in the last 7 years. We have wonderful teachers, strong teams, overwhelmingly positive relationships with parents and students, and a safe learning environment. While we have plenty of work to do around increasing student achievement, our students tend to make strong growth each year.

## Progress

Teachers have designed and refined thematic units of instruction, which enable grade-level unity between DLI and ELI strands, our Quarterly Student Showcases have improved as academic outreach to parents, and our behavioral data continues to improve. All of this lends to a safer, more productive learning environment for kids.

## Areas for Growth

Even when we show strong academic growth within one year, our achievement is not yet where we want it to be, which inspires our 2016-17 SIP focus on essential instructional practices that result in student gains.

## Vision Connection

Our school supports MMSD's vision that all students acquire the skills and abilities needed to be successful, including a mastery of content areas, growth mindset, self-knowledge, creativity, wellness, interpersonal skills, confidence, cultural competence and community connection. Through these skills and abilities, our students will graduate college, career and community ready.
